ing-particularly the intelligence from Pike's Peak, from Washington and New York. Departure of Missionaries.

The bark Ocean Engle left New York, Tuesday, for the Liberian coast. She has on board as passengers a number of missionaries, among whom are the Rev. Walter Clark, of Milborn, N. Y., and the Rev. M. L. St. John and wife, of Marietta, Ohio, destined for the mission at Gabboon, under the direction of the American Board of Foreign Missions; Miss M. Melville, of Washington, D. C.; Miss H. C. Relf, of Lexington, Mo., and Miss L. L. K. Spaulding, of Lawrence, Miss., who will be connected with the Protestant Episcopal Mission; and the Rev. C. Loomis and wife, who will proceed to Corsieo, under the direction of the Presbyterian Board of Missions. Before the vessel left her anchorage in the North River, interesting services were held in her cabin, when addresses were made by the Rev. Mr. Scott, Rev. J. P. Hubbard and others. The services were solemn and yet interesting.

The St. Louis Fair.

Sr. Louis, September 30.
Another drenching rain fell this morning and rendered the roads to the fair grounds werse than yesterday, still the number of visitors was as great as any previous day.

The proceedings in the srenz began at an early hour, and the balance of yesterday's programme was finished.

This afternoon the amphitheater was

this atternoon the amphitheater was densely crowded with anxious spectators to witness the competition for the \$1,000 prize for the best roadster stallion.

This ring consisted of forty entries, and there was probably the best and most valuable collection of roadsters ever assembled together in the country.

After a spirited contest of about an hour, during which the merits of the different house were fully tested, the blue weeth

horses were fully tested, the blue weath-hung on the graceful neck of "St. a cidge Chief," amid the vociferous applause of the enthusiastic thousands. "Stockbridge Chief" was sired by Hill's "Black-Hawk," of Ver-mont, and owned by Messrs. Cooper & Cresin, of Hamilton County, Ohio.

The London Daily News states that the Government has decided on dispatching several additional steam frigates and corvettes,

together with a sufficient number of sailing frigates to augment the squadron in China, and to at once send a military force from India. It is also expected that a force of one thou-sand additional marines will be dispatched to

The London Times says there is about five thousand rather wrong headed soldiers in the vicinity of Calcutta, waiting a passage home, and the object should be to divert them from the

West to the East, assuming, however, their reengagement impracticable.

There is still in India a force large enough
to overcome the mighty Chinese Empire.

Conflicting accounts are published as to the
state of the London builders' strike, but it is evident that great numbers of men are resum-ing work under the non-society terms proposed by the masters.

It is officially announced that the Great Eastern will leave Portland, Weymouth, on her trial trip on the 8th of October, instead of the 17th of September, and finally sail from Holyhead for Portland, Maine, on the 20th of October, instead of the 29th of September.

This delay of three weeks is the time in which Mr. Scott Russell contracts to repair the damage occasioned by the explosion, and to put the vessel in the same condition that she was

in when she sailed from the Thames.

The contract, however, does not include any repairs which the bollers may be found to require, and, although they apparently sustained no damage, an investigation is said to have shown that the internal stays of the boiler must have either been displaced or greatly weakened, so that the boiler cannot be safely used in its present state.

The marble floor of the building was torn up in several places. In the room below there is also a mass of ruins. The windows were broken and everything piled up promiscuously. At the time of the accident there was a quantity of water in the boiler, which the en-

gineer supposed rendered it safe, and the cause of the catastrophe is not known.

Another small boiler in the same room also exploded.

Pennsylvania State Fair.

PHILADELPHIA, September, 30.

The Fair grounds were crowded to-day to witness the trial of the first-class steam freengines. The Hibernia and Washington both played well, but accidents to both deprived them of giving a fair trial, and the result of the contest is in dispute. The Washington was built in Baltimore, and the Hibernia in this city. The engines built in New York have failed.

The Fair closed this evening and all interest was centered in the awards of premiums.

The presentation of articles purchased for the Pimos and Maricopa Indians, under the act of Congress of February last, was made by Lieutenant Mowry on the 10th ult. Between four and five thousand Indians were present, and about two thousand farming implements, several thousand pounds barley and other grain, for seed; axes, &c., besides several thousand yards of cloth, with calico shirts, tobacco and beads were distributed.

shirts, tobacco and beads were distributed.

The reason of these large presents was explained in a speech by Lieutenant Mowry, and in reply the Chief expressed great satisfaction at the kindness of their "Great Father," the President, and promised to continue in the good conduct which had brought them so great a reward.

The Peniss and Maricopa Indians cultivated this year 15,000 acres, and have sup-

vated this year 15,000 acres, and have supplied the Overland Mail Company with large quantities of grain. It is expected that next year their crops will be largely increased through the facilities given them by the gov-
